

ARYA ADYATMA

BUSINESS INFORMATION TECHNOLOGY STUDENT AT BINUS
UNIVERSITY | bit.ly/arya-adyatma-vercel

OBJECTIVE

As a student and a tech enthusiast with experience in full-stack development and Android app development, I want to face a new challenge that allows me to grow my software development skillset by becoming an iOS Developer.

SKILLS

Android Development:

- Android Studio
- Java
- Kotlin
- UI Design with Figma

Full Stack Development:

- JavaScript
- React.js
- Python

Others:

- Git and GitHub
- Cloud Computing

EXPERIENCE

ANDROID DEVELOPER • CHATMAGIC AI • 2023-PRESENT

Developed the whole ChatMagic AI app including UI design, app development, and AI machine learning integration.

FULL STACK DEVELOPER • AIE STUDIO • 2022-2023

The frontend is developed using React.js, styled with Material UI, deployed using Netlify. The backend and AI use Python.

ANDROID DEVELOPER • NEURALITY • 2019-2020

Developed Neurality, which has over 20 brain training games using Android Studio with Kotlin programming language.

EDUCATION

BUSINESS INFORMATION TECHNOLOGY • 2025 • BINUS UNIVERSITY

GPA: 3.94 / 4.00 (as of 3rd term). Studied computer science, artificial intelligence, and applied them in business.

SOCIAL SCIENCE • 2020 • SMAN 1 KOTA BEKASI

One of the top 100 senior high schools in Indonesia based on national exam ranking. Studied Python in Computer Science Club.

VOLUNTEER EXPERIENCE OR LEADERSHIP

2018 – Computer Science Club coordinator at SMAN 1 Kota Bekasi
